From the Manse

Dear Friends,

Here are a couple of quotes from our very own URC Basis of Union. The first one says this:

'There is but one church of the one God. He called Israel to be his people and in fulfilment of the purpose then begun he called the church into being through Jesus Christ, by the power of the Holy Spirit'.

And the second one goes like this:

'The United Reformed Church has been formed in obedience to the call to repent of what has been amiss in the past and to be reconciled. It sees its formation and growth as a part of what God is doing to make his people one, and as a united church will take, wherever possible and with all speed, further steps towards the unity of all God's people'.

These two statements form part of the document which set up the United Reformed Church in 1972. We were reminded then, and we are reminded now that God and his church do not belong to any one individual body (Reformed or otherwise): we are not the only possessors of the 'Truth'.

By the time you read this the new 'Worcester and the Malverns' pastorate will have been inaugurated and its two ministers, Duncan and myself, inducted. New challenges will have to be faced and probably some obstacles to be faced and dealt with.

We can see this time ahead as a glass half full or half empty. We can be optimistic and do all we can to make it work and in doing that hope to see real growth in the individual congregations. Or we

can be pessimistic, bury our heads in the sand and pretend it isn't happening. If we go this route then we had better get the obituary for the URC at Albany Terrace ready for there can be no real long-term future.

If we're honest it's not the way we would have wanted it to be but we are where we are and we need to rise to the challenges we face with open hearts and with open minds – and a good deal of humour!

With love and best wishes,

Jim

Albany Fellowship

A monthly get together open to all.

After a break in August we met again in September. As we were few in number we decided that a cup of tea and a chat to catch up was the order of the day.

We meet again 2.30pm – 4pm on October 6th when Jim is going to come and talk to us.

We look forward to seeing you all.

If you need a lift in order to join us then please let Jean or Teresa know and it can be arranged.

Love

Jean and Teresa

Prayer Handbooks

The 2012 URC Prayer Handbook entitled "Common Prayers" is out now priced at £5.

If you would like me to order a copy for you please write your name on the list I will put at the back of church or email me at helenmartyrmoore@talktalk.net .. I will need your money with your order please as we need to pay up front when we order. If we can order 13 or more copies we will not have to pay postage and packing.

I will leave my "sample" copy on the back table in church for a while so you can see what it looks like. I will aim to place an order by the end of October so you have a little time but don't leave it too long!

Thank you.

Pause for Thought

from the Worship Group

This month the following extracts are from 'Practical Action'
For further information on any of these stories visit their
Website: [/www.practicalaction.org](http://www.practicalaction.org)

Practical Action works with people in poor communities to improve their quality of life today and for generations to come. We actively engage with local people to come up with innovative, practical solutions, which address their real needs.

We respond to our local partners' needs and have an in-depth understanding of the countries, cultures and environments in which we work.

We are passionate about tackling poverty and social injustice and share this passion with the people we work with. Together we aim to create sustainable solutions for today and tomorrow.

The Practical Action approach to its work is sees technology as a vital contributor to people's livelihoods – but defines 'technology' as including the physical infrastructure, machinery and equipment, and the associated knowledge and skills, and the capacity to organize and use all of these.

Practical Action works in partnerships at all levels to enable women and men to access new and improved technologies and to make informed choices from the range of technical options available to them. It seeks further to empower women and men to change in their favour the institutions, policy processes, legal standards and development decisions that affect their lives – building from the local to the national

and international levels.

Practical Action gains knowledge and experience through practical projects with local partners. We combine our learning with partners with research and best practice around the world. While our practical work is at a local level we aim to maximise our impact on poverty reduction by informing and influencing the national and international practices and policies that affect the lives of women and men living in poverty.

Vision

A world free of poverty and injustice in which technology is used to the benefit of all

Mission

To use technology to challenge poverty, working with poor people to:

Build their capabilities

Improve their access to technical options and knowledge and

Help them influence the social, economic and institutional systems for innovation and use of technology

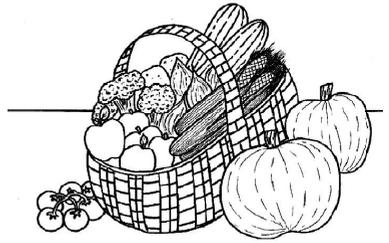

The word "Thanks" is written in a large, elegant, black cursive script. The letters are interconnected, with a prominent 'T' and 'h'.

I would like to extend my very grateful thanks to you all for the help, support, cards and Prayers, that, both myself and Liz along with her family, have received over the past 12 months or so. It has been a very difficult time for us all that has been eased by your concerns for us.

A special thanks to Jim and Lynne all their support.

OCTOBER

May God bless you with discomfort
at easy answers, half truths,
and superficial relationships,
so that you may live deep within your heart.

May God bless you with anger
at injustice, oppression, and
exploitation of people,
so that you may work for justice,
freedom and peace.

May God bless you with tears to shed for those
who suffer from pain, rejection, starvation and war,
so that you may reach out your hand to comfort them and
to turn their pain into joy?

May God bless you with enough foolishness
to believe that you can make a difference in this world,
so that you can do what others claim cannot be done.

And the blessing of God who creates, redeems, and sanctifies be
upon you and all you love and pray for this day and forever more.

Amen.
